R13: ParaBank Test Run

This test run validates the core functionalities of the ParaBank application, including user login, account overview, transactions, bill payment, profile management, and logout, to ensure the system works as expected.

Created On	2/5/2026
Completed	No

Passed	Blocked	Untested	Skipped	Failed
86% (32/37)	0% (0/37)	0% (0/37)	0% (0/37)	14% (5/37)
Automation Passed	**Automation Failed**	**Automation Error**		
0% (0/37)	0% (0/37)	0% (0/37)		

Test Cases

User Login 4

This section covers test cases to verify the **login functionality** of the ParaBank application. It ensures that users can log in successfully with valid credentials and that appropriate validation messages are displayed for invalid or missing inputs.

T105: User registration with vaild details

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	High	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- ParaBank application is accessible
- User is on the Registration page
- User is not already registered
- Stable internet connection is available

Steps

- Navigate to the ParaBank Registration page
- Enter valid details in all mandatory fields
- Click on the Register button

Expected Result

- User account is created successfully
- A success confirmation message is displayed

Results

Passed

Sujith P.
2/5/2026 8:48 AM

Assigned To
Sujith P.

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T106: User can login with valid username and password

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	High	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- ParaBank application is accessible
- User is already registered with a valid username and password

Steps

- Open Parabank login page
- Enter valid username
- Enter valid password
- Click Log In

Expected Result

User is successfully authenticated

Results

Passed

Sujith P.
2/6/2026 7:14 AM

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T107: User cannot login with invalid username and password

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	High	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- ParaBank application is accessible
- User is on the **Login** page
- Stable internet connection is available

Steps

- Navigate to the ParaBank Login page
- Enter an invalid username in the Username field
- Enter an invalid password in the Password field
- Click on the Log In button

Expected Result

- User login fails
- An appropriate error message is displayed

Results

Passed

Sujith P.
2/6/2026 7:15 AM

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T108: Login attempt with empty username and password

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	High	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- ParaBank application is accessible
- User is on the Login page
- Stable internet connection is available

Steps

- Navigate to the ParaBank Login page
- Leave the Username and Password field empty
- Click on the Log In button

Expected Result

- Login is not successful
- Validation/error message is displayed indicating required fields

Results

Passed Sujith P. 2/6/2026 7:16 AM	Test executed successfully. Actual result matches the expected result.

Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

Account Overview 4

This section contains test cases related to displaying user accounts, account balances, and navigation to detailed account information. It ensures correct data presentation and consistent behavior during user interactions.

T109: Account overview page loads successfully after login

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User account exists
- User is on the login page

Steps

- Enter a valid username
- Enter a valid password
- Click the Log In button

Expected Result

User is logged in successfully and the Account Overview page loads displaying linked account details.

Results

Passed Sujith P. 2/6/2026 7:17 AM	Test executed successfully. Actual result matches the expected result.
Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

T110: Account balance is displayed correctly

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has at least one active account

Steps

- Navigate to the Account Overview page
- Observe the displayed account balance

Expected Result

The account balance is displayed correctly and matches the available balance for the account.

Results

Passed Sujith P. 2/6/2026 7:18 AM	Test executed successfully. Actual result matches the expected result.

Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

T111: User can view account details by selecting an account

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has at least one active account

Steps

- Navigate to the Account Overview page
- Select an account by clicking the account number

Expected Result

The selected account details page opens and displays transaction information for that account.

Results

Passed	Test executed successfully. Actual result matches the expected result.

Sujith P.
2/6/2026 7:20 AM

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T112: Transaction list loads correctly for selected account

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has at least one active account

Steps

- Navigate to the Account Overview page
- Select an account
- View the transaction history section

Expected Result

The transaction list loads successfully and displays transactions related to the selected account only.

Results

Passed

Sujith P.
2/6/2026 7:22 AM

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

Transfer Funds 7

This section contains test cases related to transferring money between user accounts, including amount entry, account selection, and transaction completion. It ensures accurate balance updates and reliable transfer behavior during user actions.

T113: User can transfer funds with valid details

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has at least two active accounts
- Source account has sufficient balance

Steps

- Navigate to the Transfer Funds page
- Select a source account
- Select a destination account
- Enter a valid transfer amount
- Submit the transfer

Expected Result

Funds are transferred successfully and a confirmation message is displayed.

Results

Passed Sujith P. 2/6/2026 7:28 AM	Test executed successfully. Actual result matches the expected result.
Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

T114: Transfer fails when amount field is empty

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has selected valid source and destination accounts

Steps

- Navigate to the Transfer Funds page
- Leave the amount field empty
- Submit the transfer

Expected Result

The transfer is not processed and the user remains on the Transfer Funds page with an appropriate message displayed.

Results

Passed Sujith P. 2/6/2026 7:29 AM	Test executed successfully. Actual result matches the expected result.
Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

T115: Transfer fails when source and destination accounts are the same

Test Labels

Status	Type	Priority	Estimate
Failed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in

- User has at least one active account

Steps

- Navigate to the Transfer Funds page
- Select the same account as both source and destination
- Enter a valid transfer amount
- Submit the transfer

Expected Result

The transfer is not processed and the user is informed that source and destination accounts must be different.

Results

Failed

Sujith P.
2/6/2026 7:38 AM

Transfer was completed successfully even when source and destination accounts were the same. The system should prevent transfers between the same account.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T116: Transfer blocked when amount exceeds available balance

Test Labels

Status	Type	Priority	Estimate
Failed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- Source account has limited balance
- Destination account is active

Steps

- Navigate to the Transfer Funds page
- Select a source account
- Select a destination account
- Enter an amount greater than the available balance
- Submit the transfer

Expected Result

The transfer is not processed and an appropriate error message is displayed indicating insufficient balance.

Results

Failed

Sujith P.
2/6/2026 7:45 AM

Transfer was completed despite insufficient balance. System allowed overdraft and displayed a negative balance.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T117: Transfer attempt with zero amount

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has selected valid source and destination accounts

Steps

- Navigate to the Transfer Funds page
- Enter the transfer amount as 0
- Submit the transfe

Expected Result

The transfer is not processed and the user remains on the Transfer Funds page with an appropriate message displayed.

Results

Passed Sujith P. 2/6/2026 7:48 AM	Test executed successfully. Actual result matches the expected result.

Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

T118: Transfer attempt with negative amount

Test Labels

Status	Type	Priority	Estimate
Failed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has selected valid source and destination accounts

Steps

- Navigate to the Transfer Funds page
- Enter a negative value in the amount field
- Submit the transfer

Expected Result

The transfer is not processed and the system prevents submission of an invalid amount.

Results

Failed Sujith P. 2/6/2026 7:51 AM	Transfer was completed successfully with a negative amount entered. System should validate and reject negative transfer values.

Untested Sujith P. 2/5/2026 8:34 AM	*This test was marked as 'Untested'.*

Assigned To
Sujith P.

T119: Multiple rapid clicks on submit button during transfer

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has selected valid source and destination accounts
- Source account has sufficient balance

Steps

- Navigate to the Transfer Funds page
- Enter valid transfer details
- Click the Submit button multiple times rapidly

Expected Result

Only a single transfer is processed and no duplicate transactions are created.

Results

Passed

Sujith P.
2/6/2026 7:52 AM

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

Bill Payment 6

This section includes test cases to verify the bill payment functionality, ensuring users can successfully send payments to payees using valid details and that appropriate validations are shown for missing or incorrect information.

T120: Bill payment completes successfully with valid payee and amount

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has sufficient account balance

Steps

- Navigate to the Bill Pay page
- Enter valid payee details
- Enter a valid payment amount
- Submit the bill payment

Expected Result

The bill payment is processed successfully and a confirmation message is displayed.

Results

Passed Sujith P. 2/6/2026 7:55 AM	Test executed successfully. Actual result matches the expected result.

Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

T121: Bill payment blocked when mandatory fields are left empty

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

User is logged in

Steps

- Navigate to the Bill Pay page
- Leave one or more mandatory fields empty
- Submit the bill pay

Expected Result

The bill payment is not processed and the user is prompted to complete the required fields.

Results

Passed

Sujith P.
2/6/2026 7:56 AM

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T122: Bill payment fails when amount exceeds available balance

Test Labels

Status	Type	Priority	Estimate
Failed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has limited account balance

Steps

- Navigate to the Bill Pay page
- Enter valid payee details
- Enter a payment amount greater than the available balance
- Submit the bill payment

Expected Result

The bill payment is not processed and an appropriate message is displayed indicating insufficient balance.

Results

Failed

Sujith P.
2/6/2026 7:59 AM

Bill payment was completed even though the payment amount exceeded the available balance. System should block the payment with an insufficient funds error.

Untested

Sujith P.
2/5/2026 8:34 AM

Assigned To
Sujith P.

This test was marked as 'Untested'.

T123: Bill payment details appear in account transaction history

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- At least one bill payment has been completed successfully

Steps

- Navigate to the Account Overview page
- Select the account used for bill payment
- View the transaction history

Expected Result

The bill payment entry appears in the transaction history with the correct amount and transaction details.

Results

Passed

Sujith P.
2/6/2026 8:01 AM

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/5/2026 8:34 AM

T125: Amount field accepts only numeric input in Bill Pay

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

User is logged in

Steps

- Navigate to the Bill Pay page
- Enter alphabets or special characters in the amount field
- Attempt to submit the bill payment

Expected Result

Only numeric values are accepted in the amount field and the bill payment is not processed with invalid input.

Results

Passed Sujith P. 2/6/2026 8:03 AM	Test executed successfully. Actual result matches the expected result.

Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

Transaction History 4

This section covers test cases to verify that transaction history is displayed accurately, showing correct transaction details and ensuring users can view and navigate past transactions for their accounts.

T126: Transaction history displays list of completed transactions

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- User has completed at least one transaction

Steps

- Navigate to the Account Overview page
- Select an account

- View the transaction history section

Expected Result

The transaction history displays a list of completed transactions for the selected account.

Results

Passed Sujith P. 2/6/2026 8:04 AM	Test executed successfully. Actual result matches the expected result.

Untested Sujith P. 2/5/2026 8:34 AM Assigned To Sujith P.	*This test was marked as 'Untested'.*

T127: Transaction entry shows correct amount and transaction type

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- At least one transaction exists for the selected account

Steps

- Navigate to the Account Overview page
- Select an account
- Review the transaction history list

Expected Result

Each transaction entry displays the correct amount and the correct transaction type (debit or credit).

Results

Passed

Sujith P.
2/6/2026 8:06 AM

Test executed successfully. Actual result matches the expected result.

Untested

Sujith P.
2/16/2026 8:45 AM

This test was marked as 'Untested'.

T139: Large numeric value handling in transfer amount field

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

User is logged in

Steps

- Navigate to the Transfer Funds page
- Enter an extremely large numeric value in the amount field
- Attempt to submit the transfer

Expected Result

The system handles the large value safely and prevents processing if it exceeds system-defined limits.

Results

Passed Sujith P. 2/16/2026 9:08 AM	Test executed successfully. Actual result matches the expected result.
Untested Sujith P. 2/16/2026 8:45 AM	*This test was marked as 'Untested'.*

T140: Concurrent transfers from two tabs using the same source account

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

- User is logged in
- Application is open in two browser tabs
- Source account has limited balance

Steps

1. In Tab 1, enter valid transfer details

2. In Tab 2, enter another transfer using the same source account
3. Submit both transfers simultaneously

Expected Result

System processes transfers correctly based on available balance and prevents over-deduction.

Results

Passed Sujith P. 2/16/2026 9:14 AM	Test executed successfully. Actual result matches the expected result.

Untested Sujith P. 2/16/2026 8:46 AM	*This test was marked as 'Untested'.*

T141: Unauthorized page access after manual session cookie deletion

Test Labels

Status	Type	Priority	Estimate
Passed	Functional	Medium	None
References	**Automation Type**	**Is Automated**	
None	None	No	
Test Case Labels			

Preconditions

User is logged in

Steps

1. Open browser developer tools
2. Delete session cookies manually
3. Attempt to navigate to an internal page

Expected Result

User is redirected to the login page and access to authenticated pages is denied.

Results

Passed	Test executed successfully. Actual result matches the expected result.
